COMMENTS ON MAJOR BALANCE SHEET VARIANCES

Group

Decrease in property, plant and equipment was mainly due to the disposal of 34 Grosvenor Square, comprising three floors of a leasehold building in United Kingdom.

Decrease in investments was mainly due to the decrease in market value of the Group's investments in Hotel Properties Limited and SC Global Developments Ltd. The decrease was charged to the fair value and revaluation reserve. The total market value of the Group's investments is above the original cost.

Decrease in trade and accrued receivables was mainly due to high progress billings as at the end of the last financial period which were subsequently received in the current financial period.

Increase in cash was mainly due to sales proceeds received from the development properties projects and the sale of 34 Grosvenor Square.

Decrease in reserves was mainly due to the decrease in market value of the Group's investments.

Decrease in deferred tax liabilities was mainly due to decrease in provision of tax in respect of decrease in fair value of the Group's 20% interest in Hotel Properties Limited, partially offset by increase in provision of tax in respect of increased profits recognised from Ardmore II, The Sea View and The Cosmopolitan.

Company

Increase in amounts due from/to subsidiaries was mainly due to the novation of inter-company loan to the holding company from a subsidiary which is in the process of liquidation.

Increase in cash was mainly due to the transfer of surplus funds from a subsidiary due to the disposal of 34 Grosvenor Square.

8. REVIEW OF PERFORMANCE

1st Quarter ended 31 March 2008 vs 30 June 2007

Group revenue and profit after tax for the 1st quarter ended 31 March 2008 was \$65 million and \$17 million respectively, a decrease of 31% and 34% respectively when compared to the same period last year.

The decrease in revenue and profit after tax was mainly due to lower revenue and profit recognition in respect of units sold in The Sea View and The Cosmopolitan. This was partially offset by revenue and profit recognition in respect of units sold in Ardmore II in the current period and gain on disposal of 34 Grosvenor Square.

The decrease in cost of sales was in line with the decrease in revenue.

The increase in other operating expenses was mainly due to exchange loss incurred in the current period.

The decrease in finance costs was due to lower loan principals and interest rates in the current period.

The decrease in income tax expense was in line with decreased profits.

Development Properties

The Sea View

The project has obtained Temporary Occupation Permit (“TOP”) on 22 April 2008 for Phase I of the project and TOP for Phase II is expected in mid 2008.

The Cosmopolitan

Main construction work for the project is in progress and is scheduled for completion in the 3rd quarter of 2008.

Ardmore II

Main construction work for the project is in progress and is scheduled for completion in 2010.

Scotts Square

Piling work for the project is in progress and the project is scheduled for completion in 2011.

Orchard View

Main construction work for the project is in progress and is scheduled for completion in 2009. Orchard View is expected to be launched for sale in 2009.

Ardmore 3

Design and planning work for the project is in progress and the project is scheduled for completion in 2012. Ardmore 3 is expected to be launched for sale in 2009.

Investment Property

Wheelock Place

Wheelock Place is 100% committed at improved rental rates.

Nature of business and profit recognition

Profits on pre-sale of development properties are recognised using the percentage of completion method. The percentage of completion is measured by reference to the percentage of construction costs incurred at the balance sheet date to the estimated total construction costs. Revenue and profits are only recognised in respect of finalised sales agreements and to the extent that such revenue and profits relate to the progress of the construction work.

This basis of revenue and profit recognition together with the nature of our business leads to volatility of earnings between comparable periods.

9. FORECAST STATEMENT

No forecast or prospect statement had been previously made to shareholders.

10. CURRENT YEAR'S PROSPECTS

Sales for Scotts Square have achieved over 70% of total units to-date at an average selling price of \$3,994 psf. Marketing of the remaining units are on-going and we expect to sell progressively over the next two years.

In the current financial year, the Group will recognise the remaining profits from The Sea View and The Cosmopolitan upon completion of these two projects. We will continue to recognise profits from Ardmore II based on the progress of construction works.

Wheelock Place is expected to maintain full occupancy and achieve good rental rates for both office and retail space.

The Group remains in a strong financial position to take advantage of opportunities which may arise.

11. DIVIDEND

The Directors do not recommend any interim dividend for the 1st quarter ended 31 March 2008 (30 June 2007: nil).

Review of Interim Financial Information for the three months ended 31 March 2008**

Introduction

We have reviewed the accompanying condensed financial information of Wheelock Properties (Singapore) Limited (the "Company") and its subsidiaries (the "Group"), which comprise the balance sheets of the Group and the Company as at 31 March 2008, the income statement, statement of changes in equity and cash flow statement of the Group and the statement of changes in equity of the Company for the three-month period then ended and certain explanatory notes as set out on pages FS1 to FS12 (the Interim Financial Information). Management is responsible for the preparation and presentation of this Interim Financial Information in accordance with Singapore Financial Reporting Standard ("FRS") 34 *Interim Financial Reporting* and Singapore Exchange Listing Manual Appendix 7.2. Our responsibility is to express a conclusion on this Interim Financial Information based on our review.

Scope of review

We conducted our review in accordance with Singapore Standard on Review Engagements 2410 *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Singapore Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Information is not prepared, in all material respects, in accordance with FRS 34 *Interim Financial Reporting* and Singapore Exchange Listing Manual Appendix 7.2.

Restriction on use

Our report is provided on the basis that it is solely for the private information of the directors and should not be quoted or referred to, in whole or in part, without our prior written permission, for any other purposes. We do not assume any responsibility or liability for losses occasioned to the directors, the Company or any other parties as a result of the circulation, publication, reproduction or use of the report contrary to the provisions of this paragraph.
